Bulletin No. 088

## Staff & Pupil Information

### S1-3 Conduct During Exams

Just a gentle reminder of the message you have already received from your Year Head during our assembly cycle. Can I ask that during the exam period you are listening to the daily bulletin carefully as this will highlight if your class has been displaced due to the exams. There are also posters in each stair well and at the office for you to check throughout the day.

Please ensure that you are reading and following the instructions on the signs which are up at the exam sites. Already there has been several instances of pupils disregarding the “*exam in progress. Please do not enter*” signs. There are very good reasons for these being in place and when not adhered to and pupils enter the exam areas the doors slam, the noise of the chatter travels and this can be distracting for the pupils sitting the exams.

In addition to the above, can you avoid going to next period classes too early and gathering, since this too contributes to noise. Instead, choose an area of the school where there are no exams to socialise and move to classes only in time for lessons

By working together and being mindful of others we will all be supporting the senior pupils by following these simple instructions.

### New Eco-Club/Council

A few students and I have been discussing how we might help our own and the schools impact on our environment, particularly our use of plastics. We are working with [Surfers against Sewage](#) and schools across the UK. We are going to have our first meeting on Monday in G24 from 12:40. If you are interested in helping come along and share your ideas.

[Mr Burke]

### Sewing/Craft Group

I am thinking of starting up a sewing/craft group on a Tuesday lunchtime – after Feb half term. Numbers will be limited to 15 maximum to sign up. If you are interested come and see me in G6/M3 before the end of the week. Thanks
